BEAUTIFTL BUILDING STONE

The Rock of the Nebo Brown Stone

Co. Chosen for the "News" Building.

The handsome blocks of stone which

are now being put in place in the new

Deseret News building are the objects

of much admiring comment from hun-

dreds of people who daily watch the

building operations. The stone comes

from the quarry of the Nebo Brown

Stone company, located about 12 miles

residence at the head of Main street.

A considerable quantity of the stone has been shipped outside of the State, over 10,000 tons having been sold to the Oregon Short Line alone. Large quantities have also been used in Butte.

The quarry seems practically inex-haustible; the stone comes out in enormous blocks, and one piece re-cently quarried for the "News" building

250 tons per day, and its stone is so much sought after that the output can-

not keep pace with the demand. The Nebo Brown Stone company was

incorporated one year ago. Theodore Bruback being its president, and S. T

Pearson its secretary. Their office is in the McCornick block.

HOME FIRE OF UTAH.

Among the prominent and solid home institutions which have made a proud ecord for themselves in the past ten r twelve years of Utah's history, is the one insurance company of the intermourtain region, the Home Fire of Utah. When the Home began business n 1886, there were no fewer than thirty different companies organized between Denver and San Francisco. Today but three of the number remain, and the Home is one of the three. The other twenty-seven have succumbed to hard twenty-seven have succeimed the times and poor business management, while the Home is stronger today than ever before at any period of its history. It has a paid up capital of \$250,000, all of which is invested in the best going lass of Uath secureties and Main street realty

The public confidence reposed in the Home company is well illustrated by eived since its organization:

The names of the officers and Board of Directors of the Home are as follows: Heber J. Grant, president; Geo. Romvice president; H. G. Whitney, secretary: Jno. Stringam, assistant sec retary; L. S. Hills, treasurer, Directors Thomas G. Webber, Joseph F. Smith Henry Dinwoodey, John Henry Smith, F. M. Lyman, C. S. Burton, E. A. Smith David Eccles, Jno. R. Barnes, John C. Cutler and P. T. DAVIS COUNTY NURSERIES.

We take pleasure in calling our readers' attention to the Davis County Nurseries, Van Meter, Harness & Co. This is a local concern of proprietors. This is a local concern of which all Utahns are justly proud. Prior to the establishment of this en-terprise, many thousands of dollars were sent abroad for nursery stock. The planting of foreign stock is always attended with more or less loss; in ad-dition to this, the original cost of the stock is a loss to our State, because the

money goes out.
A full line of Fruit, Ornamental Trees, Roses Shrubs, etc., is grown by this reliable firm. They have grown in their nursery this season, about four hundred thousand trees of the very best stock and variety that can be had These gentlemen have made a study the varieties that are best adapted to our soils and climate, and know what is best for the people to plant.

Their nursery probably, has the best location in the State for growing stock, as the Centerville soil seems to contain just the elements necessary to

grow a healthy tree.

Another very commendable feature about these people is, they keep their stock absolutely free from all pests and fruit destroying insects.

Other buildings where it has been used are the Co-op. Wagon & Machine structure, the residence of Banaer Whitmore of Nephi, and the basement of the public schools there. Mr. A. W.
